Best Cure Foundation's Goals

Life is a gift from our parents. We are born to live, and live to enjoy and cherish our gift. We can look at every obstacle as an opportunity or every opportunity as an obstacle. Who we are, what we are, and where we are, have a lot to do with the choices we have made and the ones we did not. Our career and service to the community are the outcome of what we do with the gift.

– Krishnan Suthanthiran –

- Providing purified drinking water and affordable sewer systems in every part of the world by 2030
- Establishing a global standard of healthcare delivery system using a hub-and-spoke model, with express and mobile clinics linked to general medical centers and super-specialty medical centers
- Reduce suffering/deaths from major diseases such as cardiac, cancer, diabetes, and others by 50% by the end of the next decade

3E – Education, Empowerment and Equality

Krishnan Suthanthiran has established a division under BCF called "3E – Education, Empowerment and Equality" to promote the development and advancement of women. It is his belief that every man and woman was given birth to, nursed, nourished, and raised by women, and therefore, they share a greater responsibility in juggling career and family, in raising children and caring for the home.
